Depuis le passage de mille ans, alors même que notre notion s'en trouve aujourd'hui remise en question par certains chercheurs, de même que les médias nous parlent d'événements selon des filtres qui nous font parfois douter de leur temporalité, voire de leur réalité.

Ainsi, *Monde(s) merveilleux* tente de désorganiser le monde tel qu'il "est" pour en faire apparaître l'étonnante structure profonde, celle qui nous concerne vraiment (Albert Béguin, *Le rêve et la poésie*, 1938).

Cette exposition, réalisée à l'occasion du 30ème anniversaire de la galerie, est dédiée à la mémoire de Robert Bize (1930-2017). Remerciements à Agathe Marie-Louise pour son engagement constant. *Monde(s) merveilleux* a reçu le soutien des sociétés Sommer Needlepunch, Popplier et France-Lanord & Bichaton.
